WILL NEVER FIGHT AGAIN.

"I will never fight again," said the battle-scarred veteran of the ring when he had sufficiently recovered to talk. "The fight was won fairly and to the best man belongs the laurels."

"You are the most dangerous man alive," said Jeffries in return, "and I consider myself lucky to have won when I did.

Fitz put a right on Jeffries' head, one on the body and another on the nose. Jeffries broke ground and ducked out of the way. They changed lefts on the head, Fitzsimmons' being most damaging. Jeffries rushed again and again, but he was smothered and took three lefts and a right on the face. Jeffries forced Fitz to the ropes, but got a right and left on the face which started the blood afresh. Fitzsimmons showed remarkable eleverness in getting away from rushes. His left jabs were cutting, and just as the gong sounded he put another on Jeffries' sore mouth and nose.

JEFFRIES RUSHES FITZ.

Round 7-Jeffries covered up well and rushed Fitz determinedly. He put left on body, but took left and right on head. Neither was damaged, how-ever, and when a moment later they Fitzsimmons indignantly denied the allegation and said that Jeffries did a great deal of the work, especially in the clinches and at close range. "He is came together Jeffries put two terrific left swings on the body and one on the head. Jeffries wore a determined look. As he stopped to spit Fitz jabbed him as strong as an ox and his blows hurt me considerably, especially his terrific lefts to the body," said Fitzsimmons. Asked in regard to his plans for the future, Bob facetiously remarked: "I am going back to Bensonhurst and at-tend to the development, of the result three times on the month and forced him to the ropes. Jeffries sent left to the head, and in the clinch they carried on a conversation, Fitz smiling good-naturedly while Jeffries was bleeding and presented a terrible ap-pearance. He was not tired, however, and took it easy in the wait.

FITZSIMMONS KNOCKED OUT.

Round 8-Bob stood up straight feinting with the left and drawing Jeff-ries on. Jeffries smiled through his bloody features, ducking a left swing and landing a hard left on the ribs. They went at it, Fitzsimmons putting left on the face and taking one on the head. Fitzsimmons missed a right and took a stiff punch on the body. Jeffries took a stiff punch on the body. Jeffries forced the fighting at this stage, crouching low and carrying his right high and left far back. They came together and clinched. As Fitzsimmons steeped back he smiled and spoke to Jeffries. Before he could get out of reach Jeffries hooked his left to stomach, followed by left to the jaw, and Fitzsimmons went down on his and Fitzsimmons went down on his back. He came up slowly, but before he could get upon his feet the referee counted 10 and the fight was over. The body blow really did the work.

San Francisco, July 26 .- Now that the Jeffries-Fitzsimmens fight for world's championship is over, the cry of "Fake" has been raised, though without justifi-cation in the opinion of Referee Graney, Geo. Siler and the great majority other sporting men who witnessed the contest. A communication sent to Mayor Schmitz before the fight, not to be opened until after it was ended, stated that the writer had been informed that Jeffries was to win in the eighth round, which he did. The mayor has stated that if the charge that the contest was a pre-arranged affair cannot be disproved he will be compelled to prohibit such exhibitions hereafter. Referee Graney says: "I think the ee's standpoint the fight was as near perfect as a fight could be. There were no fouls—not even a semblance of a foul. I had to caution them once, but this was not for anything that either did to the other, but for their bumping into me. It was the greatest fight I ever saw, and I doubt if there will ever be another like it."

TALK IS RIDICULOUS.

"It is absolutely ridiculous to talk of the fight being a fake," said William Delaney. "There never was a fight in which there was less reason to doubt that it was being fought on the square. Jeffries said:

"Of course the fight was on the square. It is ridiculous to talk of anything else. Fitzsimmons fought a hard fight, the gamest I ever saw. He worked hard all the time and when I got in the double blow on him he was taken off his guard. After I had my eye cut Delaney told me to start in finish him, for fear that I would be blinded and would be unable to keep on fighting." Fitzsimmons is equally emphatic in his assertion that it was a hard fought,

Siler wrote of the fight that "Bob Fitzsimmons, although beaten, proved conclusively that he is or rather was the greatest fighter that ever stepped into an American prize ring."

NO SUSPICION. The Chronicle this morning says: There was no taint or suspicion coming from any quarter that the contest was not entirely fair and square, and the best man won. Surely no other encounter of the kind ever waged com-

AROUND THE RING.

Arena, San Francisco, July 25 .- It was late in the afternoon when the great canopy covering the octagonal ring in which the battle took place was finally stretched. The grounds were then cleared by the police and stragglers ejected. Before sundown long lines of anxious men formed on Valencia street and Julian avenue and awaited the opening of the two gates. when the crush became heavy, but 240 policemen marshaled Chief Wilman handled the crowd well. Chief Wilman handled the crowd well. The arc lights over the ring were turned on at 7:45 o'clock, by which time the bleachers, holding fully 5,000 people, were filled. The usual night fog did not prevail and although the evening air was chill there was general comfort. "Kid" Egan, releasenting the champion; Clark Ball, for Fitzsimmons, and Alec Greggains, for the San Francisco Athletic club, inspected the premises at 8 o'clock and agreed that all was in readiness for the fight The gates were opened at 6 o'clock and the ticket holders began to flock in. The "gallery" consisted of a series of tiers, the last one resting against the improvised back wall of a high board fence sloping down to the ground level. The occupants of these seats really were afforded the best view of all that occurred in the ring. At o'clock the gallery was full and the doors leading to the more favored sec-tions were opened and the sections immediately behind the box seats gradu-

WELL KNOWN SPORTS.

A number of well known faces were mong the early arrivals. George Sier occupied a seat in the press row at the ringside, close to Lou Houseman, the Chicago sporting writer. In one of the boxes to the west of the ring sat Mayor Eugene Schmitz in company with other city officials. Louis Ezell, the racing man, sat near Jack Ringling, the circus man, while Ed Rigner, Ed Kelley and Sid Herman oc-cupied choice seats. W. W. Naugh-ton, the sporting writer, came early, as did also Lew Hawkins, the veteran actor, and George Boniface, Jr., Percy Williams of Brooklyn, Ed Dunstan of Chicago, James Morrisey and Frank Morgenroth, of Milwaukee, Willam Carpenter Kemp, Mike Kennedy, Har-ry Harrison and Jules Markbright were ther easterners, occupying seats at the ringside.

ARENA ARRANGEMENTS.

The arrangement of the arena and construction of the ring were something of a departure from the usual lines followed in such matters. In a vacant lot at Fourteenth and Valencia streets a high board fence was erected In the center of the space the ring was built, the floor being four feet was built, the from the crowld. On the four sides of the ring were arranged the press seats and immediately back of these "boxes," which were simply spaces par-titioned off and twenty-four chairs placed in each compartment. These rested on the ground, without the least levation. Back of the boxes came long rows of board seats for benches, off on the same level, with conveniently arranged aisles. To the rear and backed by the board fence were placed the gallery benches.

The ring was a substantially constructed affair. Built upon a good foundation of solid timbers, the floor was made of a double thickness of inch boards. Over these there was a heavy padding of boiler felt, one inch in thickness. A heavy brown canvas drawn tightly and fastened at the The lights were suspended from four upright posts, one at each corner of These uprights sloped gradually toward the center and a successio of cross-beams at the top held four teen arc lights, and over the whole a canvas tent covered the seats as far out as the gallery seats.

NO SHARP CORNERS.

The ropes of the ring were of the latest thing in that line, consiting of heavy, smooth one-inch cotton rope. Two of these, the first three feet from ches above it, were guyed from the four uprights which held the lights and tent. There were no sharp corners. Across the canvas there were placed short padded ropes, that cut out the sharp angles yet still left the ring a full sized twenty-four-foot affair. wind came sweeping through a big fif teen-foot rent in the canvas that cov ered the ring and stirred up the dust about the ringside. Clark Ball, who looks after Fitzsim-

mons' interest, came in, looked at the big rent and the resulting draught and immediately looked up Alec Greggains to make a kick.

Tom Sharkey was early on hand with challenge to the winner. From New York came a telegram addressed to Tim McGrath announcing his safe arrival from London and asking that McGrath shy his castor in the ring, SEATS FILLED. At 8:25 p. m. the crowd became dense.

The aisles were congested and much confusion in seating ticket holders en-

sued. These things were soon straight-ened out, however, and when the principals of the preliminary fight came on there was hardly a vacant place in all the 8,300 provided. WOMEN PRESENT. There were a few heavily-veiled women noticeable among those seated in the boxes. Their presence was passed over by the crowd without any demon-

stration of disapproval, as is usual in such cases. The good order and ab-sence of any sort of confusion among the crowd was remarkable. By 9 o'clock all the ticket holders were in

their allotted spaces and not a vacant

seat was visible from the ring. The big audience presented an un-usual spectacle. Banked up against the walls on all sides there was a solid dark mass, sloping down to a leve with those in boxes and other high-priced seats. Scattered about the many side aisles stood numerous police-men, but they had nothing to do, as the ushers had mastered the details of he scating arrangements and conduct-ed the ticket-holders to their places

Medals for Officers.

Washington, July 25 .- Now that the list of officers and men of the army and havy who are to receive the West In-dian campaign medals and bars has been completed, the naval board of awards is busying itself with the "meritorious service" medals which are intended for those officers who rendered particularly telling services in the West Indian naval campaign. So far only four persons have been

decided on for the "meritorious ser-vice" medal. These are Lieut. Richmond Pearson Hobson, for his well known feat with the Merrimae; Lieut, Ward and Lieut. Buck, for their perilous vecret mission into Spain; and Lieut. Victor Blue, for his famous work in connection with the location of the Spanish ficet in Santiago harbor. It is understood that meritorious

service medals also are intended for the American officers and men who ren dered exceptional service in the rescue of the drowning officers and men of the defeated Spanish fleet at Santiago.

The reports of the rescued showed that the Spanish themselves shouted warnings to the rescuers not to approach for fear of exploding magazines, but the Americans persisted in their ent destruction.

The main function of the award board is not to specify individuals for recognition, but to select certain service which it deems worthy of commemoration by medals.

MAINE GIVES BRYAN CREETING

Augusta, Me., July 25.— An immense frowd warmly greeted Mr. Bryan and its party when they arrived here this afternoon. The entire party, with the exception of Mr. Bryan, was driven the city hall, which was filled with tizens desiring to hear the speaker The Democratic candidate for gover-nor, Samuel W. Gould, was the first speaker. Charles H. Hamlin of Bos-ton followed Mr. Gould and then Senator Carmack of Tennessee spoke brief-ly. Later Mr. Bryan came to the city hall and was given a tremendous ova-tion. In his address he referred to the leading issues which the voters of Maine should consider between now

and election day.

Mr. Bryan and his party reached
Bath at noon. No arrangements had
been made for a reception there, but a crowd of a thousand assembled at the station. Mr. Bryan addressed them from the car platform and in his speech feelingly alluded to the late Arthur Sewall, who was the vice presidential Sewall, who was the vice presidential candidate in 1896 on the ticket with Mr. Bryan. A handsome boquet of pinks was sent to Mrs. Sewall, the widow of Arthur Sewall, by Mr. Bryan. At Rockland this morning the party were driven to the courthouse where a stand had been built out from the steps. From this platform Mr. Bryan and Senator Carmack addressed an audience of at least 5.000.

Mr. Bryan discussed taxat money question, trusts and imperial-ism. He recommended as a measure needed reform in taxation a tariff evenue only and an income tax. He said that the money issue was by no means dead and that he hated a private monopoly as he hated a mon-

I denounce doctrine that a nation or man can go so far as to be unable to retrace his steps. We had no business to make war in the Philippines, as there was the Filipinos as we did the Cubani there would have been no war. I want the same moral victory in the Philip-pines as in Cuba."

RELIEF THE FIRST MONTH.

Mrs. Pennington says: "I have been a great sufferer from Catarrhal troubles for about 12 years. Among other symptoms, I noticed, I was gradually losing my strength and health. My head and nose stopped up continually I had to hawk and spit to clear my throat, and had incessant headache.

I have been under Drs. Shores' treatment now just one month and it has been a month of pleasure to me. Already I feel much better, my head and nose is quite clear, the nose does not bleed now like it used to, and I am very much pleased with the results so far, and am glad to endorse Drs. Shores
